A seminar to help pet owners, conformation or obedience handlers

This seminar will help you learn new games to strengthen and build your foundation skills and how to utilize them for your unique dog in the real world!

Implementing games will help you:

- Gain focus
- Build motivation
- Build foundation skills
- Work through distractions
- Improve your recall
- Improve loose leash skills

By implementing different games with your dog, you can gain focus and in return, put some fun back into the training by using positive reinforcement strategies that work with your dog's everyday life to get you the results you want and need. Learn how to work through distractions, how to improve your recall and loose leash skills.
